

AN OVERVIEW OF JESUIT EDUCATION

Jesuit education is inspired by the vision of people drawn from the life and teachings of Jesus Christ, who has always been respected and admired for the last 2000 years. It is also based on the principles of character formation elaborated by the founder of the Society of Jesus, St. Ignatius of Loyola. This vision and these principles give Jesuit educational institutions a specific character and set before their staff, students and parents high ideals of humanism and service towards which they are invited continually to strive. Our objective is to promote the total development of the person so as to be truly human and truly Nepali. This means the students be open and committed to both the Divine Spirit and human beings, by being actively concerned about national development.

FOR THE NATION HISTORY OF THE SCHOOL

Fr. Marshal D. Moran, S.J. of the Patna Province of the Society of Jesus visited Nepal in October 1949. General Mrigendra Shamsher Rana, the Director of Public Education inform Fr. Moran that the Government wanted the Jesuits to start a school in Nepal (Nov. 1950). Fr. Moran together with Fr. Francis Murphy and Fr. Ed Saxton arrived in Kathmandu on June 6, 1951 and proceeded to Godavari, where the government offered them land, a few old buildings and horse stables. The pioneers underwent a lot of struggle to convert these rooms into classrooms.

On July 1, 1951 the first batch of sixty five students were admitted into the school at St. Xavier's Godavari. As a result of the steady growth in the number of students, the Primary Section was shifted to Jawalakhel in 1954. SXG continued to be a residential school catering mainly to the upper strata of the nation for 44 years (till 1996). The School would go co-ed from 1996 to provide Jesuit education also to the girl children. The school would start higher education for the students.
