

Objectives of Jesuit Education

Jesuit education is inspired by a vision of human persons drawn from the life and teachings of Jesus Christ, who has always been respected and admired by people for the last 2,000 years. It is also based on the principles of character formation elaborated by the founder of the Society of Jesus. This vision and these principles give Jesuit educational institutions a specific character and set before their staff and students and parents high ideals of humanism and service towards which they are invited continually to strive.

Our objective is to promote the total development of the person so as to be fully human, fully Nepali, and truly modern. This means the students are open and committed both to the Divine Spirit and their fellow human beings. They must show this by being actively concerned about national development.

Vision Statement

Inspired by the vision of St. Ignatius of Loyola and the inspirational documents of Society of Jesus we aim at creating a just world by educating our students to be Conscientious, Competent, Committed and Compassionate individuals who are people for and with others.

HISTORY OF THE SCHOOL

Fr. Marshal D. Moran, S.J. of the Patna Province of the Society of Jesus visited Nepal in October 1949. General Mrigendra Shamsher Rana, the Director of Public Education inform Fr. Moran that the Government wanted the Jesuits to start a school in Nepal (Nov. 1950). Fr. Moran together with Fr. Francis Murphy and Fr. Ed Saxton arrived in Kathmandu on June 6, 1951 and proceeded to Godavari, where the government offered them land, a few old buildings and horse stables. The pioneers underwent a lot of struggle to convert these rooms into classrooms.

St. Xavier's School (Est-1951) was the first academic institution established by the Society of Jesus (Jesuits) in Nepal. Currently, it consists of student cohorts in twelve levels from Grade 1 to Grade 12 and operates an elementary school, a middle school, and a high school under a single administration. One of the oldest private schools in the country, St. Xavier's has historically been considered an inclusive institution for the students from all walks of life.

The alumni of this institution have traditionally occupied high ranking positions within the government, bureaucracy, military or in other distinguished professions nationwide.
