# Why Kanjirowa

Kanjirowa National Secondary School is at the cutting edge of teaching and learning. New teaching approaches and programs are regularly introduced reflecting on awareness of our changing society and academic needs. Degrees are reviewed to enable our students to develop crucial skills in different fields and to impart in-depth knowledge. Kanjirowa boasts one of the best results from NEB in the last 25 years and has produced some of the finest professionals in the various prestigious sectors both within the country and abroad. Kanjirowa brings with it the exclusive and absolute experience of outstanding performance. We offer our students special facilities leading them toward a better education and overall personal growth.

# Main Features

- 1** One of the pioneering Plus Two institutions with proven excellent track record
- 2** Best faculty members in Management and Science
- 3** Interactive teaching learning with regular assessment system
- 4** Sufficient ECA and CCA for overall growth
- 5** Student friendly and disciplined environment

# Introduction

Kanjirowa National Secondary School, known as Kathmandu Don Bosco Higher Secondary School as of 2010, was renamed with all new infrastructure and set up in 2011. But, the institution was established in 1998 as Kathmandu Don Bosco H. S. School. Thousands of students' have graduated from this institution.

Kanjirowa specializes in Plus Two programs in Science and Management. At the same time, its high school runs up to Grade 10.

Kanjirowa has better-equipped facilities to further students learning capacity. The change from Don Bosco to Kanjirowa as an official name comes after a well-meditated thought of giving the institution a fully Nepali name. Kanjirowa is a beautiful but less known mountain from the western Nepal. The core management team of Kanjirowa remains intact but with a refined commitment and energy towards building Kanjirowa as one of the pioneers and leaders in Plus Two education with the help of its best teachers coming from well-reputed colleges/universities nationally and internationally.

# Message from the **KANJIROWA FAMILY**

Having a physical infrastructure of its own, Kanjirowa has a new strength, confidence and a long-term vision, which has been reflected in our programs for the last couple of years.

We have always believed in developing the personality of the students in a holistic manner. Our focus is to inspire the students to be global citizens, to cope with the world they live in today, whose features are fast-changing.

The management team of Kanjirowa would like to welcome you and your child on board for your journey of learning and academic growth.

Times change, societies transform and so do institutions like schools. Kanjirowa National Secondary School has come through a relatively long and proud journey of over

two decades from its earlier incarnation as Kathmandu Don Bosco H.S. School.

We not only empower them with the necessary knowledge and training, we also put our efforts in making them confident citizens who have certain goals in life, and who internalize a value system to contribute to society. We motivate them to truly learn to be skilled, confident, knowledgeable, disciplined and - more importantly - good human beings.

We would like to take this opportunity to thank our parents and well-wishers for their unfaltering trust in our efforts to expand and re-invent our more ambitious plan of the last few years. We welcome our new students for their academic journey at Kanjirowa!

**Ambika Parsad Paudel**  
Chairman

**Mahendra Khanal**  
Executive Director

Principal

# +2 Science

## A Delightful Quest: A Journey into Science

From your Grade XI, you can choose your future academic path. Joining Science is to prepare oneself to pursue one of the diverse fields within pure and applied branches of Science. Besides the most common fields such as medicine and engineering, it prepares students to enter the promising fields of 21st century such as biotechnology, information technology, pharmaceutical chemistry, nuclear physics and so on. Thus, students will be prepared to specialize in any area of their interest within the discipline of Science as a whole.

# +2 Management

## Challenging and Delightful

Management is what makes tomorrow's business entrepreneurs, top global executives, bankers, management academics and leaders. The Plus Two Program opens up students to the broad range of Management and Business Studies.

Kanjirowa offers wide options to students, covering diverse areas of management studies like Business Studies, Hotel Management and Computer Science.

Kanjirowa Management program trains the students to be the leading executives and academics in the field of global market.

# Study Support & Resources

There are periodic reviews on the performance of the students based on which individual consultation is provided to both the students and parents, throughout every stage of student's time here. There will always be someone that the student can turn to for anything that they need.

For regular works like photocopy, reference materials and other relevant student support, there is a special provision that meets students' daily needs efficiently. For students with special needs, our coordinators act as a link between students, academic staff and management. We are constantly working towards providing a fully accessible learning environment.

## Scholarships

There is provision of scholarships to the students with need. The deserving students are required to apply for the scholarship. The criteria for the same are based on brilliance and academic performance of the students.

## Career and Higher Education Guidance

Students are mandated to carry out a small project in each term beyond the academic curriculum in order to enable them to consolidate the lessons they have learnt in the formal classrooms.

Kanjirowa also provides its students information seminars with comprehensive counselling to higher education and high demand skilled occupations both in Nepal and foreign universities. Students are also facilitated with a counselor.

## Transportation

Kanjirowa uses its own transportation for students from Kathmandu and Bhaktapur.

## Library

Kanjirowa has a well-managed library with plenty of books to facilitate its students and faculty, including many special

collections of material where students can also enjoy the wi-fi zone in addition to e-library. Periodically, the needs for the new collection of books are reviewed and purchased. There are a number of cat holes available for students to sit and study in a quiet environment.

## Information Technology

Kanjirowa has a substantial network of PC's available to students. The computer lab opens during all office days from 6:30 in the morning to 5:30 in the evening.

# Evaluation System

Student assessment is based on a continuous process throughout the year. Comprehensive Aptitude Test (CAT), Terminal, Sent-up tests and weekly tests are the pre-scheduled examinations. The school is aware that excellence can only be attained through continuous efforts. So, class tests, unit tests and the tests at the end of the lessons are a part of it, along with weekly Sunday test. 80% annual attendance and minimum GPA of 2.0 are the eligible criteria for appearing in the Board Examination (NEB).

Kanjirowa also recognizes the top ten students of its internal examinations with the scholarship scheme. The record of the examination results, punctuality, discipline, participation in various activities and case studies of each and every students are well maintained in a modern computerized information/data system based on the performance of students, they are given individual counseling by consulting their parents/guardians and respective subject teachers. Full time faculty assistance is also given to the students, along with support classes.

## Alumni

Established in 2007, Kathmandu Don Bosco/Kanjirowa Alumni have been active medium to connect with former students of the school. Alumni have its chapters in India, USA, UK and Australia. Apart from bonding the students, alumni have been socially active by initiating various events. It has conducted events like creative writing workshop, blood donation, cleaning campaigns and leadership workshop to name a few. With each passing year the alumni have been contributing much not only to the school but also to the society.

# Infrastructure

Kanjirowa infrastructure is a manifestation of our efforts to provide learning opportunities for our students entrusted to us. It is located in a sprawling 8 ropanis of land, at a convenient location on the Ring Road side north east to Balkumari Bridge, Koteshwor, with a lush landscape. The state-of-the-art infrastructure of the school gives us the confidence that we are in the right place and makes us feel proud of our

school. Care has been taken to maintain an atmosphere to provide the student an easy transition from the family to the learning environment at school. The physical environment is designed to enhance the student's natural safety and interest in exploring the world through their senses. We have set up new Futsal in our premise.

# Extra Activities

Kanjirowa encourages students to take part in sports and other extra-curricular activities. It organizes various sports meet (cricket, basketball, table-tennis, badminton, volleyball, snooker etc.), debate competitions, talk programs, group discussions, cultural shows, excursions, art exhibitions and elocution with active participation of the students.

These programs give students a platform where they can demonstrate their talent, in a competitive environment.

# Commitment

It is my pleasure to bring you greetings on behalf of the Kanjirowa National Secondary School. We welcome you to our school and encourage you to take advantage to be the outstanding students as we provide the ECA and CCA programs enriched with 21st century skills. Our students receive a quality education in a friendly and nurturing environment, and upon completion, they are holistically prepared as an able student to meet the national and global opportunities and challenges. Student success is fostered by providing a student- centered environment and support services that respect uniqueness and value diversity. We have the outstanding teaching methodology and aimed towards excellent result since last 25 years so we want to see you forward as the part of Kanjirowa National Secondary School.

**Biral Poudel**  
Program Coordinator,  
Science

Kanjirowa is striding ahead with enhanced system, well-experienced and qualified faculties, and most importantly, students with outstanding results. Our classes are filled with like-minded people who enjoy healthy competition and challenges, and enthusiastic teachers who encourage students to follow their dreams. Kanjirowa provides endless opportunities for students to learn, be challenged and use their initiatives. We tailor programs to student's specific strengths and facilitate to enhance their problem solving, critical and creative thinking skills. I am always amazed with what these talented students can achieve.

**Sagar G.C**  
Program Coordinator,  
Management

Happiness leaves no bound for me to invite all cerebral minds to take this marvelous opportunity to join Kanjirowa for an affluent study career.

We follow a holistic approach in producing critical, adaptable and skilled graduates who can serve our country with uncontestable caliber.

Students are an integral part of the KNS family and hence, we consider their contribution, participation, personal growth and development beyond the classroom as well. Keeping the learning needs on top priority, we also focus on personality development programs, social work and relevant co-curricular activities. These activities are very much useful for emotional, intellectual, physical, social, and inter-personal development of the students.

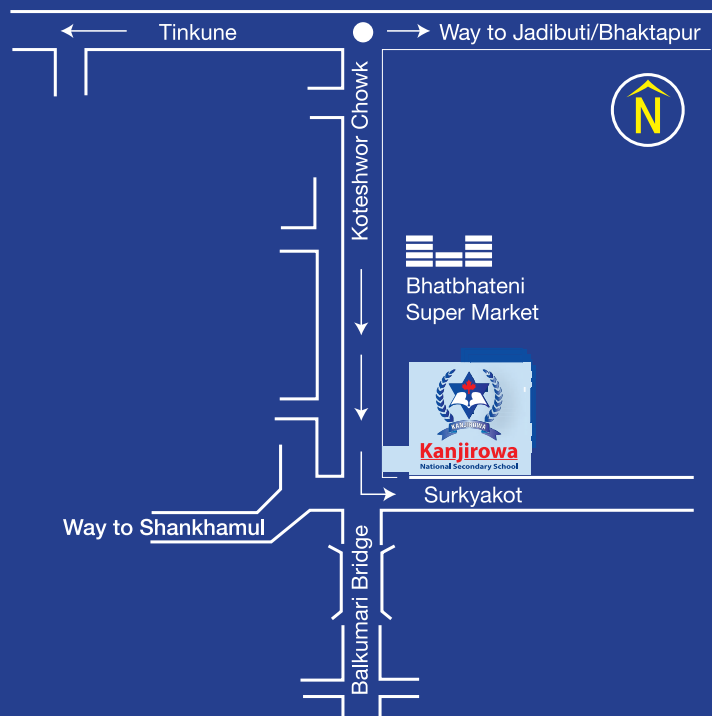

I sincerely welcome all the interested scholars after SEE to be a part of KNS family for a broad intellectual horizon and share the spirit of the true Kanjirowan culture around the globe.
